

IMPORTANT - Changes to the Diamond Range

SAFEDOORS 

Dear Customer

As a result of a recent change of component supplier, some of the door styles shown in our current Diamond Range brochure will be slightly different to the style shown. These changes are detailed in the information inside.

This addendum is only a temporary measure whilst we complete our exciting new Safedoor line up for 2021, with new colours, styles, glass options and hardware which is coming very soon supported by a new brochure, and showroom support materials, web site and door configurator.

Thank you for your understanding.
